LESS THAN 1928

SENATE FACING BATTLE ON BIG NAVY PROJECT

Opponents of Cruiser Bill
Said To Be Many;
59 Favor

ONE VOTE AGAINST KELLOGG'S PACT

Treaty Will Remain Open
For Signatures Of
All Nations

Washington, Jan. 16.—With the United States pledged to renounce war and settle all future disputes peacefully, the senate today turned to the administration's plan for increasing the strength of the American navy.

"Treaty or no treaty, America's navy must be prepared for war," was in effect the slogan adopted by the administration leaders who just finished securing ratification of the Kellogg anti-war compact. The naval bill would authorize the construction of 15 new fast cruisers and a gleaming aircraft carrier, the largest increase of the naval establishment proposed since the Harding disarmament conference.

Proponents of the bill declared the new warships would not place America on the 5-5-3 naval radio with Great Britain, but would merely enable the navy to replace some worn-out obsolete cruisers, which would be of little use in event of war. The opposition, however, will fight the proposed increase on the ground that it means launching the United States on naval race with Great Britain and Japan.

The naval bill will face a much more difficult path to enactment than that traveled by the peace treaty. Whereas the treaty had 70 advocates at all time, the largest administration poll showed only 59 Senators favoring the naval bill. It undoubtedly will be enacted if it can be brought to a final vote but the opposition may filibuster it to death.

The anti-war treaty meanwhile was sent back to the state department with a formal notice of its ratification by the senate. The vote was 85 to 1, with only Senator Blaine of Wisconsin opposing it. Blaine did so as a protest against what he termed the treaty's endorsement of the British policy of imperialism. He first sought to add a reservation, exempting the United States from any approval of the British imperialism, and when the senate rejected it, he voted against the treaty.

Interpretation Given
The irreconcilables led by Senator Reed, of Missouri, and Moses, of New Hampshire, voted for ratification. (Continued on Page 4)

FEAR OVER 300 LOST IN GALE

Chinese Seamer Founders
As Mountainous
Seas Roll

London, Jan. 16.—The Chinese steamer Hsin Wah, with 400 passengers and crew aboard, foundered in heavy seas off Hong Kong, according to a Central News Dispatch from that port today.

It is feared that only 20 of those aboard were saved. Tugs are now scouring the scene of the disaster for survivors.

The Hsin Wah was a steamer of 1940 tons.

The steamer was bound from Shanghai to Hong Kong. It was commanded by a Danish captain and its two engineers were Britishers, according to the dispatch. Most of the others of the crew are believed to have been Danes.

Twenty passengers in a life-boat were rescued by a Chinese junk.

The ship sank only a few minutes after the mountainous seas began pouring into its hold, the dispatch added.

It is hoped that other survivors may have reached coastal villages in safety.

Suit Fails

New York, Jan. 16.—Edna Mae McCue, 31, a Kansas City cloak model, known as Mrs. Edna Fields, is in seclusion today minus \$100,000 which she asked from Dr. Max Rhoads in a breach of promise suit.

A supreme court jury brought in a verdict for Dr. Rhoads yesterday.

Old Resident Dies

Batavia, O. Jan. 16.—Mrs. Mary Carter, 97, Clermont county's oldest resident, died here today of influenza. She was one of the pioneer citizens of this section, and the widow of Thomas Carter, well known throughout this section. She was the mother of seven boys and two daughters.

Police Searching For Kidnaped Child

New York, Jan. 16.—Police today were searching Harlem for a woman, believed to be mentally distract by the death of her own baby, as the kidnaper of six-month-old Maria Arias from in front of a shop door.

The police are unwilling to accept a ransom theory as the father, Charles Arias, a Mexican, is a kitchen helper in a restaurant and has no money. The child has a "strawberry" birthmark on her forehead and police believe that with such a distinguishing mark the kidnaper might abandon the baby. In this weather it would be fatal.

ENGINEER MAY BE SECRETARY FOR INTERIOR

Rumor Has It Hoover Will
Name Westerner On
Cabinet Post

Washington, Jan. 16.—The next Secretary of the Interior quite probably will be Louis S. Cates, Utah mining engineer.

The post is going to a westerner. That much has already been determined. President-elect Hoover has informed callers that he plans to appoint to this office a man who is familiar with the problems of the far west, and who has had actual experience in working them out.

Cates, general manager of the Utah Copper company, has the backing of most of the far western Republicans in Washington. His appointment has been advocated by Senator Smoot of Utah, a powerful figure in the senate, by Senator Odell of Nevada, and by other outstanding Republicans of the Rocky Mountain region, in whose judgment the president-elect has considerable confidence.

The appointment of an engineer to the Secretaryship of Interior is peculiarly appropriate in the new administration if for no other reason than that one of the greatest engineering projects of all time—Boulder dam—is to be undertaken and completed during the next administration. Mr. Hoover wants the responsible cabinet officer to be a man familiar and sympathetic with the engineering problems of this vast enterprise.

SUPREME COURT WILL HEAR CASE

Salem Gains Chance To
Have Decision
Reversed

The Ohio supreme court ruled in favor of the city of Salem, in its appeal of the judgment of the Columbiana county appellate court, which reversed the decision of the county common pleas court, in the case filed against the city by F. J. Harding, of Salem.

Common pleas court last year gave a verdict favoring the city, but this decree was reversed by a ruling of the appellate court, to which it was taken by the plaintiff.

Salem submitted its case to the supreme court through the city solicitor last week, judgment on the appeal being passed today.

Harding sued the city for alleged damages as a result of the illness of his daughter, who was ill with typhoid fever during Salem's great typhoid epidemic in 1920.

This case is a test case for several other cases also pending against the city as a result of the epidemic. The city is charged with negligence.

Enforcement is a reality, steadily improving with each passing year. The cause of temperance has gone forward and the nation is on the eve of greater success in this great moral movement.

Drunkennes Given As Cause for Train Crash; Fourteen Die

Bucharest, Jan. 16.—Fourteen persons were killed and 40 others were severely injured today in a collision between two trains at Prusnita, near Turmu Severin.

The Temesvar (Roumania) Paris Express was derailed near the Prusnita station. A few minutes later, the Temesvar Bucharest Express came thundering down the tracks past danger signals and crashed into the derailed train.

Half of the cars in the standing train were almost totally demolished by the impact. Fire added to the horror of the tragedy.

Authorities investigating the crash stated that the locomotive engineer of the Temesvar-Bucharest Express was probably intoxicated.

She'll Wed Again

AS SOON as her divorce from Rudolph Cameron becomes effective in June, Anita Stewart (above), famous movie actress, will become the bride of George Peabody Converse, a New York banker. The announcement was made in San Francisco by Miss Stewart.

PROBATE DEPUTY LEAVES SERVICE

Lena Eells Retires After
Thirty-Two Years In
Lisbon Court

Lisbon, Jan. 16.—Lynn Riddle, son of Probate Judge Lodge Riddle, has been appointed clerk and deputy in the Columbiana county probate court office, according to announcement made here today. He has been engaged in the clothing business in Minerva for some years.

Riddle will succeed Miss Lena Eells, of Lisbon, who has been active in the office for the last 32 years. She was appointed by former Judge J. C. Boone of Salem, during his administration. She has served under Judge Boone, Judge L. T. Farr, the late Judge J. A. Martin, Judge S. W. Crawford and Judge Riddle.

Contrary to Lisbon reports, Miss Eells denied that she resigned from the office. She said she was told by Judge Riddle that her services were no longer needed. This occurred, Miss Eells states, last Saturday. Lynn Riddle will assume his duties early in February.

The renaming ordinance provides for changing of names of several of the city's streets, with the view of reducing confusion, said to be caused by several streets bearing different names.

Opponent And Advocate Of Prohibition Give Views On Success After Nine Years Of Life

Great Advance of Social
Condition Follows
Prohibition

BY SEN. MORRIS SHEPPARD
Washington, Jan. 16.—The ninth anniversary of the inauguration of national prohibition finds this great moral cause here to stay.

The American people, looking back upon conditions as they were nine years ago, are convinced that prohibition has brought great advances in social conditions, economic standards and in the public health of the country.

Enforcement is a reality, steadily improving with each passing year. The cause of temperance has gone forward and the nation is on the eve of greater success in this great moral movement.

It is generally conceded by those who are most concerned about the successful enforcement of prohibition and by those who are striving to make the success even greater, that the law is better enforced today than at any time since its passage. It is useless to make comparisons between the number of violations detected, because conditions change each year and enforcement steadily grows stronger.

Warmer Days Are On Way

Taking example from the recent "bullish" stock market, the mercury, official indicator of the weather, is scheduled to go "skyrocketing" in Ohio today and tonight.

"Snow late this afternoon, probably changing to rain late tonight." That was the official forecast.

Ohians will undoubtedly welcome the rise in temperature, but are frankly leary of the "uncle" weather it will bring. A rain will turn the snow to slush, and there isn't one person in an infinite number that enjoys stomping through sloppy snow.

If another cold snap follows the rain, and ice forms on sidewalks, a phrase will become appropriate, to say the least. That phrase is, "We saw down and go boom."

Sleet is predicted for the southern portion of the state, which may turn to either snow or rain, according to the weather forecast.

Children in the state, "moth-balled" their roller skates and took out their sleds. Coasting was said to be excellent.

COUNCIL DELAYS STREET CHANGES FOR TWO WEEKS

Wants Residents of City
To Have Time To
Make Complaints

FINAL ACTION TO COME JANUARY 24

Review New Names And
Number Changes; Fines
Can Follow

The second step in renaming and renumbering Salem streets was taken by city council Tuesday night, when ordinances concerning these issues were given their second reading.

Due to the great importance of the projects to the city, and the anticipation by the citizens that several residents will attend the next meeting to present petitions concerning the issues, the ordinances were ordered passed up until the next session, which will be held Tuesday, Jan. 29.

"We wish to give all residents who will be affected by the passage of the ordinances a fair chance to have their say, before we take final action," Acting Chairman P. J. Dean stated.

Residents who propose to combat the issues were scored by the council for delaying protests until the matters were all set for final action. First steps in undertaking renaming and renumbering streets were taken three months ago, council members stated, and citizens had ample opportunity to voice opinions previous to this late date.

Not Rushing Plans
The ordinances were given their first reading at the meeting held last Tuesday, but members of council favored passing the issues step by step, in order not to rush legislation.

One new matter was suggested in the renaming issue, by Councilman Max Adler, who has taken an active stand in favor of plans, when he recommended that South Rose st., which he termed another of Salem's many "divorced" streets, be changed to Reilly ave.

His recommendation was turned over to the ordinance committee for investigation.

The renaming ordinance provides for changing of names of several of the city's streets, with the view of reducing confusion, said to be caused by several streets bearing different names.

Main st., McKinley ave., and Roosevelt ave., all will be given the name State st., under the new plan, while Green st. will be changed to Second st., High to Third st., and (Continued on Page 4)

Approximately \$11,000,000 is now available yearly under the present provisions, and the Good Roads Federation proposed that legislation be enacted to provide the remainder of the twenty-five million. An increase of one cent in the gas tax, and doubling the license plate fee, would provide the necessary funds, according to the survey.

Doubling of the license plate fees, or bring them back to where they were several years ago would add about \$6,000,000 revenue for the work, the survey declared. The 1-cent tax increase would bring in (Continued on Page 4)

The senate taxation committee unanimously recommended passage of the senate bill reducing the tax on premiums of foreign insurance companies to 2 1/2% from 3 per cent. This action is in accord with a recommendation made by Gov. Myers Y. Cooper.

Rep. L. E. Rush, Delaware county, introduced a bill authorizing the granting of certificates of convenience and necessity by the state utilities commission to holders of federal "Star" mail route contracts.

Bills designed to prevent interference with funeral processions and to permit all former soldiers and sailors to obtain hunting and fishing licenses free were introduced by Rep. Frank A. Poling, Van Wert county.

The senate complied with the governor's request that it send back to the governor's office the list of 18 recess appointments made by former Gov. Donahey.

The Johnson resolution providing for a joint legislative committee to investigate the fire hazards of the Hartman hotel, building here, in which are housed the records and offices of the state industrial relations, the highway and the public works departments, was adopted by the senate. The resolution now goes to the house.

During the three working days, the Ohio legislature has been in session. 193 bills were introduced, including 57 in the house and 45 in the senate, besides numerous resolutions.

Drunkennes On Increase Is Claim Of Wet In Senate

BY WILLIAM CABELL BRUCE
Washington, Jan. 16.—Prohibition experimentation has been pronounced a failure by the senate, in a resolution that if prohibition is ever enforced, it can only be by the adoption of a much more elaborate and highly organized system of repression than the present one.

To establish this fact, it is not necessary to cite police statistics showing that arrests for drunkenness in the principal cities and towns of the United States have steadily mounted up since 1920, the first full year of prohibition. These statistics have for some time been assembled and brought to the attention of the public in the annual reports of the Moderation League. Nor is it necessary for us to bring forward anew the statistical evidence proving that deaths from alcoholic insanity, and prosecution for violations of the Volstead act, have also appallingly increased since 1920.

Nor need we mention the ever-recurring illustrations of the lawlessness, social demoralization and official corruption bred by prohibition, with which the press teems from day to day. Mrs. Mabel Willibrand has told us that the amount of liquor smuggled from Canada into this country has increased 75 per cent; and but a day ago Mr. Whelan, the new police commissioner of New York, was reported as fixing the number of speakeasies in the five boroughs of that city at 20,000.

Foch Weaker

Paris, Jan. 16.—The heart action of Marshal Ferdinand Foch, France's famous stricken soldier, became so irregular this afternoon that the attending doctors administered injections of camphorated oil.

A Failure
To demonstrate what a failure prohibition enforcement has been, we need only to point to the present feverish activities, nine years after the enactment of the Volstead act, of the Anti-Saloon League and all its allied associations, and the fanatical enforcement measures which they are promoting or defending, such as the classification of infractions of the Volstead act, including purchases of liquor, attended by the incident of transportation (Continued on Page 4)

Mountainous Wave Hits Majestic

New York, Jan. 16.—With one dead and several others injured, the White Star liner Majestic, the largest British steamship limped into port today badly damaged by a mountainous wave that fairly engulfed her in mid-Atlantic Monday.

So huge was the wave that it literally dropped on the ship, sending thousands of tons of water over it. The whole forward deck was smashed, plate glass windows were broken, steel cargo booms were twisted as though they were matches.

GAS TAX DEBATE SEEMS POSSIBLE WITH REQUESTS

Advocates of Good Roads
Ask For Increase; Has
Opponents

Columbus, Jan. 16.—The Ohio house of representatives today is expected to refer to standing committees numerous bills introduced late yesterday.

These new measures include a bill by Rep. H. S. Marshall, Cincinnati, known as the "yellow dog" bill, which invalidates any contract between employer and employee that prohibits the employee from joining a union or decrees his discharge as an employee in case he, or she, joins a union.

Other new house bills provide that a divorce shall not become effective until six months after the decree is issued; extends absent voter privileges to the sick and disabled; combines the primaries in presidential years and changes the date of the primary to the second Tuesday in May each year; authorizes the state health department to inquire into causes of blindness and adopt and enforce preventive measures; provides stricter regulation of employment agencies by raising the annual fee to \$1,000 from \$500; makes all intercounty roads state highways; repeals the law under which abutting property owners are assessed part of the cost of highway improvements; requires foreign corporations to pay taxes on credits and bills receivable in Ohio; provides for establishment of a new state board to examine and license chiropractors (introduced by initiative petition).

The senate taxation committee unanimously recommended passage of the senate bill reducing the tax on premiums of foreign insurance companies to 2 1/2% from 3 per cent. This action is in accord with a recommendation made by Gov. Myers Y. Cooper.

Rep. L. E. Rush, Delaware county, introduced a bill authorizing the granting of certificates of convenience and necessity by the state utilities commission to holders of federal "Star" mail route contracts.

Bills designed to prevent interference with funeral processions and to permit all former soldiers and sailors to obtain hunting and fishing licenses free were introduced by Rep. Frank A. Poling, Van Wert county.

The senate complied with the governor's request that it send back to the governor's office the list of 18 recess appointments made by former Gov. Donahey.

The Johnson resolution providing for a joint legislative committee to investigate the fire hazards of the Hartman hotel, building here, in which are housed the records and offices of the state industrial relations, the highway and the public works departments, was adopted by the senate. The resolution now goes to the house.

During the three working days, the Ohio legislature has been in session. 193 bills were introduced, including 57 in the house and 45 in the senate, besides numerous resolutions.

Salvation Army To Discuss Refusal Of Booth To Step Out

Sunbury-on-Thames, Eng., Jan. 16.—The Salvation Army high council reconvened at the army training college today to discuss General Bramwell Booth's communication refusing to retire as supreme head of the organization.

General Booth's letter was a reply to a resolution adopted by the high council suggesting that he resign.

"Why should I retire?" said General Booth's answer. "The only ground for my retirement is my illness during which I have entrusted affairs to Commissioner Higgins. I have yet to hear he has failed. I feel I should be less than a man, let alone a leader of a great religious organization. I agreed to this resignation at a time when agitators are attempting to change the foundation wherein the army rests."

Bunn Funeral Will Be Held Thursday

Funeral service for W. E. Bunn, 76, who died suddenly Tuesday morning, will be held at 2 p. m., Thursday at the home, 493 Cleveland ave., in charge of his nephew, Dr. H. J. Rose of New Wilmington, Pa., assisted by Dr. P. H. Gordon, pastor of the Presbyterian church; internment in Grandview burial park.

Friends may call at the home from 7 until 9 p. m., Wednesday.

Pleads Guilty

Lisbon, Jan. 16.—Harry Brown, of Wellsville, was before Judge Lodge Riddle in the probate court on a charge of petty larceny. He pleaded guilty to the charge and was sentenced to serve 30 days in the county jail and to pay the costs.

Odd Fellows Will Gather In Salem

Representatives from Odd Fellows lodges in Alliance, Sebring, Damascus, Washingtonville, Leetonia, Columbiana and East Palestine are expected here to attend a meeting of District No. 27, at which Amity lodge No. 124, I.O.O.F., will be host Thursday evening at the hall, Broadway.

Col. Krumpholtz, of Canton, will give a report of the sovereign grand lodge, an international gathering which was held at Montreal, Canada.

ORDINANCE IS PASSED ON DRY LAW VIOLATION

Sale Must Be Proven In
Private Dwellings Before
Search

City council last night amended Salem's liquor law by the passage of an emergency ordinance changing the city's liquor code to compliance with the Ohio General Code, a result of the recent ruling by Attorney General E. C. Turner which declared the old ordinance illegal.

The new law was passed by unanimous vote under suspension of rules. It was the third ordinance pertaining to liquor law violations submitted to council, the second, which was given its first reading at last week's meeting being discarded as council regulations demand that all emergency measures be passed on first appearance before the body.

The first ordinance was abandoned from the city code after it had been nullified by Turner's frequently by attorneys.

According to the state code, no council is permitted to draft an ordinance assessing a fine of more than \$500 against violators of any law. The old city liquor law provided a fine from \$100 to \$1,000 for violations.

Private Dwellings
An important clause, contained in the new ordinance, was also excluded from the former law. This is concerning the searching of private dwellings for liquor, the new code (Continued on Page 4)

HEALTH NURSE IS PROVIDED FOR CITY

Additions to Fire-Police
Departments Are
Impossible

MAJOR PHIL G. HEDDISON TO DAY REFUSED TO PLACE HIS SIGNATURE ON THE CITY'S APPROPRIATION ORDINANCE UNTIL HE HAD STUDIED THE ISSUE THOROUGHLY, AND ASCERTAINED REASONS WHY COUNCIL WAS UNABLE TO INCLUDE IN THE ANNUAL APPOINTMENT OF FUNDS SUFFICIENT AMOUNTS TO PROVIDE FOR AN ADDITIONAL POLICEMAN AND FIREMAN.

Mayor Phil G. Heddison to day refused to place his signature on the city's appropriation ordinance until he had studied the issue thoroughly, and ascertained reasons why council was unable to include in the annual appointment of funds sufficient amounts to provide for an additional policeman and fireman.

"I absolutely will not sign the ordinance until I have weighed it from every angle, and ascertained for myself whether or not council has made the appropriations in manner by which the city will benefit most," the mayor declared.

County Funds Available Are \$8,000 Under Last Year

Salem's 1929 appropriation ordinance, estimating the city's financial needs for the coming year at \$175,281.46, was passed under suspension of rules by unanimous vote in meeting of city council Tuesday night.

No new issues of great importance are included in the ordinance, which followed the report of Councilman P. J. Dean, chairman of the finance committee, which conferred with City Auditor Helen Worthen in fixing the budget for the city's various departments.

Several matters, contemplated by council as part of its program this year, were dropped due to the lack of available appropriation in the city's budget. The city this year received \$8,000 less from the county than in 1928 for the proposed program, which conferred with City Auditor Helen Worthen in fixing the budget for the city's various departments.

This year a total of \$58,978 was received from the county, while in 1928, \$66,305 was voted by the county. A total of \$17,445 was left in this year's general fund from last year.

Of the issues abandoned by council due to the lack of funds, the dropping of the proposed additions to the safety department are regarded as most vital to the city's interest. A new policeman and fireman had been requested by Safety Director Rex W. Rugg, but in making out the appropriation council found it impossible to provide salaries for the proposed new men. (Continued on Page 4)

PROGRAM READY FOR ORCHESTRA

High School Will Be Scene
Of Attractive Musical
Event

The Dana Institute concert symphony orchestra will give the benefit concert for the Salem High school band at the high school auditorium tonight at 8:15.

Tickets have been on sale for the entertainment at various Salem stores and were reserved this morning. A supply of additional good seats is still available and will be on sale at the box office.

Charles B. Lowry will be director of the orchestra, which is made up of 40 pieces. Isabel G. Griffith, soprano soloist will entertain with vocal solos. The complete program follows:

Symphony in E-Minor from The New World, by Dvorak; Adagio-Allegro molto; Lullaby; Scherzo molto vivace; Fina's Allegro con fuoco.

(a) Fox of the Morning-Ware; (b) Whippoorwill-Bassett; (c) Invocation to Life-Spores.

Festival at Beaded, Fourth movement from Scherzando—Robsky-Korsakov.

On Account Of The Death OF M. E. BUNN, BUNN'S SHOE STORE WILL BE CLOSED ALL DAY THURSDAY.

FOOLISHNESS

It was no accident that the Colorado was the last river of our country to be explored. Not a few of the early pioneers who thought to trap beaver in its wild fastnesses changed their minds after a few miles of its tempestuous rapids. All too many of these whose minds were not changed before they were swept into unknown terrors did not live to tell the tale.

Less than half a dozen times have human beings gone through the valley of the Colorado, and in not one of the journeys did those who braved them come out without many times having their lives saved by a slender thread. Every man who has finished the trip has come through with a very profound respect for the wild river.

The Indians knew well enough to let the river strictly alone. They were not slow to tell all who essayed its conquest what was in store for them. They told Powell, leader of the first organized voyage of the troubles and dangers he had in store. But Powell was a geologist and wished to map this last known region. Moreover, he wanted to find out what secrets this canyon held. Was there a new Niagara in its depths? Did it flow underground? Many guesses were extant, but nobody knew. He would find out.

There is a wide difference between taking a well organized and well equipped expedition down the Colorado and taking one's wife there in a scow. Strong armed men at the oars of unshrinkable boats is one thing; two persons, and one a woman, in an unseaforthy scow and on a honeymoon trip is quite another. But the Colorado, like Niagara, lures the occasional foolish into tempting fate. If the couple now lost on the Colorado ever get out, we can be very sure that they will not honeymoon further on this treacherous river.

Tigers are said to kill 100,000 people in India every year. Wanted to swap—25,000 autos for 10,000 tigers. Enough to boot to make the trade. Address U. S. A.—Fort Worth Record-Telegram.

Denver—A veritable war between two rival tribes of toads is of untold value to Colorado and Wyoming, according to a report made here to a convention of scientists from eight universities of the two states by R. J. Gilmore of Colorado college.

What Others Say

Americans should not overlook this passage in the inaugural address of General Moncada upon assuming the presidency of Nicaragua: "In the same manner we comply only with our duty in giving thanks to the people of the United States, their government's electoral commission headed by General Frank McCoy, as well as to Admiral Sellers, General Dugan Feland and the Nicaraguan national guard for having conducted the election in the most honorable manner that could possibly be conceived."

Perhaps we should not use the word "unique" in describing this tribute to the fairness, honesty, patience and good judgment of the United States offered by the head of a nation that is just emerging from a period during which it was voluntarily under the control of the Washington government. For the people of Cuba have shown lively appreciation of similar friendly and neighborly services rendered to them when they have needed a helping hand. But we doubt whether any other nation and government has been the recipient of a similar expression of appreciation and thanks.

The words uttered by President Moncada may very well send a glow of pleasure through the republic. They come from a statesman of experience and ability. They are the sort of recognition most welcome to the United States, and they are doubly pleasant to hear at this time because they are a complete reply to those critics, domestic and foreign, who for months have been assailing the Nicaraguan policy of the United States, sneering at it and misinterpreting its aims; and who have been grossly slandering America at every turn, in many cases trying their best to stir up distrust against us in Central and South America. Moncada's statement is a most pleasant vindication of this nation and all it has done in Nicaragua. — Detroit Free Press.

Twenty Years Ago

(Issue of Jan. 16, 1909)

Candlish—A movement is underway to double the capacity of the tuberculosis annex at the county infirmary here. This will be done by adding another building for women. City Auditor Holmes returned Friday from Columbus, where he has been attending the meeting of the city auditors of the state.

Frank Barnes, East High at, drank carbolic acid in mistake for medicine Friday night and had a narrow escape from death.

The annual meeting of the stockholders of the American Case and Register company was held Friday afternoon in the new offices of the plant, this city. President W. W. Ellett gave a glowing account of the past year's business.

Nearly every county in the state was represented at the big meeting of the Good Roads association in Columbus Friday.

Mr. and Mrs. A. H. Lemmon and sons, P. L., D. R., and R. A., will leave Monday for Erie, Pa., where they have purchased a coal and builders supply business. For about four years they operated the Lemmon mines, east of the city.

Hon. James Kennedy, Youngstown, returned yesterday from a trip to the Panama canal.

Mrs. G. F. Smith, this city, has been called to Lisbon by the illness of her father, William B. Bradbury, who is proprietor of the Commercial hotel there.

Sergeant Charles Webber of the United States Marines arrived in Salem Saturday morning from Annapolis, Md., where he has been stationed for some time. He has seen many parts of the world during his four year enlistment.

Miss Gladys Morrow has finished her course at the Salem Business college and returned to Lisbon.

P. D. Dixon went to Damascus Saturday morning to see his father, Jesse Dixon, who has been ill for some time.

A party of people will leave this city next Tuesday morning for Texas, where they will go to seek homes.

The Stars Say—

For Thursday, Jan. 17.

By GENEVIEVE KEMBLE.

THE planetary aspects for this day are of rather minor portent. Although business matters may move along as usual, especially in publishing, printing, correspondence and kindred occupations, yet the emphasis may be laid on social, domestic, romantic or artistic activities. In all matters it might be well to be on guard against small deceptions or subtlety.

Those whose birthday it is are confronted by a probable year of routine activities, with the attention turned to domestic, social and romantic concerns, or to amusement or those enterprises of a feminine aspect. In all discretion against subtlety and deception is enjoined. A child born on this day may be talented, versatile and accomplished and should have a fairly pleasant and happy life through its social or romantic occupations.

Great souls by instinct to each other turn, demand alliance and in friendship burn. — Addison.

RHEUMATISM

While in France with the American Army I obtained a prescription that thousands of Rheumatic sufferers have used with wonderful results. The prescription cost me nothing and I ask nothing for it. I will mail it if you send me your address. A postal will bring it. Write today.

HANDS ARE CARRIERS OF DREAD 'FLU' GERMS

By Royal S. Copeland, M. D.
United States Senator From New York, Former Commissioner of Health, New York City

Many dangerous ailments are carried by the hands. Some of them are distinctly "hand-conveyed" diseases. Associating with us, just as unconscious of being messengers as we are of their existence are "carriers of disease." Every once in a while we hear of an outbreak of typhoid fever or diphtheria. On investigation by the health authorities it is found that a carrier has been responsible for the epidemic.

The carrier has had the disease, perhaps years ago, and recovered from it. But the tonsils or gall bladder continue to harbor and to breed the deadly germs. Without the knowledge of the carrier, they are spread and come in contact with susceptible persons. Then there is trouble.

In 1918, and to a lesser extent in 1919, the whole world suffered from influenza. More persons died from its effects than were killed in all the wars of history. Nothing appeared to stay the hand of death.

It was natural that scientists should accept the challenge and exert their every effort to defeat this form of attack from mankind's chief enemy. Laboratories everywhere have studied influenza, seeking to find its cause and then to devise a remedy.

I am sorry to say little has been determined. After ten years of intensive study we are almost as helpless now as we were in October, 1918. As I write, we are hearing of multitudes of influenza cases throughout North America. When these words are printed there may have been recorded the story of another epidemic. I pray not.

Have we learned nothing about influenza? Chiefly this—that it is a hand-borne disease.

Of course the secretions of the nose and throat, sprayed into the air by sneezing or forcible talking, may carry the germs. When this moisture is received by the lips or

nose of another, there may be infection with influenza. But it is more likely that the hand of an infected person moistened by the saliva or other secretions, may come in contact with the hands of a well person and be conveyed to the nostrils or mouth of the latter.

Because of this danger it is tremendously important that the household utensils, such as dishes, knives and silver should be thoroughly boiled after use by a person with influenza. Soap, towels, wash cloth and everything touched by the sick person should not be used by another without previous cleaning.

Frequent washing of the hands with soap and abundance of water should be the habit of one who travels in street cars or handles articles used by others. On coming into the home there should be thorough cleansing of hands and face, as well as the openings of the nostrils.

Kissing the baby or greeting anybody with a friendly kiss, should not be practiced during the prevalence of influenza, bronchitis, pneumonia or even the common cold. Any contact which may carry directly or indirectly the germ-laden moisture of another's secretions must be avoided.

Plenty of sleep, an abundance of light possible, regular exercise, simple food, regular habits, these should be had and practiced all the time. But in time of influenza they are vital.

Answers to Health Queries

M. B. Q.—Would cheap reading glasses hurt the eyes?

2—Will you please tell me what causes shortness of breath and wheezing on my lungs—I have to take a deep breath which seems to come from my stomach.

A—Yes, it is most unwise to wear glasses which have not been prescribed for your particular vision. Have your eyes properly examined.

2—May have an asthmatic condition—have the chest examined.

H. P. Q.—What do you advise for pimples and blackheads?

A—Correct the diet by cutting down on sugar, starches and coffee. Eat only simple food. Avoid constipation. Be sure the teeth, tonsils and nasal sinuses are all right.

PUBLIC LIBRARY
OPEN EVERY WEEK DAY
FROM 9 A. M. TO 9 P. M.

---the public now demands

375,000

Jars of Vicks daily

Compared with 1918, this epidemic, so far, is mild; and yet, in spite of vastly increased capacity, the Vicks Laboratories are once more operating night and day to meet the emergency demand for more and more Vicks VapoRub. Over 375,000 jars are now being produced daily.

approved method of using Vicks for FLU

1. AS A PREVENTIVE

Several times a day, insert Vicks up the nostrils. Also melt a little night and morning in a bowl of boiling water and inhale the steaming medicated vapors. This helps to ward off germ-infection.

2. IF A COLD STARTS

If possible, go home and go to bed. Take a laxative and a hot lemonade. Apply hot, wet towels over throat and chest until the skin is thoroughly reddened. Then rub vigorously with Vicks. Spread on thickly and cover with warm flannel. Leave the bed-covering loose, so that the vapors, released by the body-warmth, may be freely inhaled. At the same time, Vicks acts through the skin like a poultice.

Repeat this treatment every four hours, eat lightly, and stay in bed until the cold is broken. Complete rest helps the body throw off the cold more quickly.

3. AFTER A FLU ATTACK

Physicians advise that the chief danger in this epidemic is after influenza. Then, more than ever, colds, attacking the weakened system, may lead to bronchitis, sinus-trouble or pneumonia. This is especially true of children or old folks.

Head even the slightest cold as a danger signal. Vicks is especially valuable here, because it is applied externally, and so can be used freely, as often as needed, without upsetting delicate digestions, as too much "dosing" is so apt to do.

Social Affairs

REBEKAH LODGE

Home lodge No. 110, Daughters of Rebekah, will have a covered dish supper Friday evening at the hall, Broadway, preceding the regular meeting.

The new officers of this lodge are: Noble grand, Mrs. Balford Dixon; vice grand, Mrs. Alice Moore; right and left supporters, to be noble grand, Mrs. Clark, Kyle and Mrs. James Goodwin; right and left supporters to vice grand, Mrs. O. P. Sanor and Mrs. Frank Knopfer; secretary, Miss Edith Harris; financial secretary, Mrs. G. H. Mounts; treasurer, Mrs. P. R. Fink; warden, Mrs. William Kircher; conductor, Mrs. John Moore; chaplain, Mrs. Kitty McDonald; inside guardian, Mrs. Will Reach; outside guardian, Mrs. George Harris; pianist, Mrs. Charles Snelv; deputy president, Mrs. Frank Knopfer.

GILBERT AUXILIARY

Mrs. Harry Percival and Mrs. Blanche McQuiken were associate hostesses at a meeting of the Annie B. Gilbert auxiliary of the Presbyterian church Tuesday evening at the Percival home, Cleveland ave.

Mrs. A. S. Duncan gave a paper on "National Missions" and a paper on "China" was contributed by Miss Alice Gladden. A select reading, "Tipping the Lord," which related to stewardship, was offered by Mrs. V. S. McBane. Dan Holloway played two piano solos. Refreshments were served at the social period.

Officers will be elected at a meeting on Feb. 19 at the church. There will be a covered dish supper before the meeting.

TRAVELERS CLUB

"If you have knowledge let others light their candles at it" was the quotation used at a meeting of the Travelers club Tuesday afternoon at the Memorial building.

Miss Myra Erwin presented a paper on "The New Universe" and Mrs. Percy Tucker's paper was on "Developments in Aviation."

The annual business session was held in connection with this meeting and officers elected are: President, Mrs. A. C. Yengling; vice president, Mrs. Homer Barber; secretary-treasurer, Mrs. Percy Tucker.

A special program will be given at a meeting in one week in charge of a committee of which Mrs. Frank G. Harris is chairman.

QUEEN ESTHER SOCIETY

A Buffalo nickel campaign for the month month was planned by the Queen Esther circle of the Methodist church Tuesday evening at the home of Misses Opal and Anna Ruth Miller, South Rose st.

On Feb. 21, the society will hold an old fashioned party. A chapter from the study book was reviewed by Miss Ethel Shears. At the social period delicious refreshments were served.

A meeting on Feb. 12 will be at the home of Mrs. Ruth Stenger and Miss Helen Dressel, Jennings ave.

HITS TO BELL RINGERS

The King Bell Ringers, who gave the entertainment at Greenford Tuesday evening, one of the numbers of the lecture course there, were guests at dinner Wednesday at the home of Mr. and Mrs. H. L. Rickert, Lisbon rd.

C. W. Calhoun, tenor of the quartet, is a graduate of Lincoln college, Lincoln, Ill., at which college Mr. Rickert was dean for nine and a half years.

BETTER HALVES CLUB

Miss Marie Shriver, Mrs. Gertrude Yeager and Mrs. Vincent Malloy shared the honors in the progressive euchre games at a gathering of Better Halves club associates Tuesday evening at the home of Mrs. Clarence Scullion, Ohio ave. The hostess served refreshments.

Meeting in two weeks the members will be guests of Mrs. John Shriver, East Fourth st.

FRIENDS SOCIETY

The Missionary circle of the First Friends church will meet at 2:30 p. m. Thursday at the home of Mrs. Mary Harshman, Columbia st. Mrs. Grant Elton will be in charge of the program.

Mr. and Mrs. A. H. Stratton and Mr. and Mrs. J. R. Stratton left this afternoon for Columbus to attend the funeral of their son, Miss Elizabeth Raley, which will be held tomorrow.

Mr. and Mrs. R. L. Hucherson, who are ill of pneumonia at the Salem City hospital, are reported to be improving.

Miss Clara Schmid, who has been ill, has resumed her duties at the R. S. McGulch company store.

Joe Lennan and Miss Zillah Stamp spent Wednesday in Pittsburgh.

Mrs. Harry Clay, clerk at the Broadway market, is off duty on account of illness.

GIRLS WESLEYAN CLASS

A meeting of the Girls Wesleyan class of the Methodist church, which was to have been held Friday evening has been postponed until Jan. 25, when the members will meet with Mrs. Ward Eckstein, McKinley ave.

MARRIAGE LICENSE

Miss Beatrice Burns and Earl Roush, East Liverpool, were granted a marriage license at Lisbon and were married by Rev. J. M. Cameron.

Paul Carl spent the week end in Cleveland with relatives.

Court Orders Road Open For Travel

Lisbon, Jan. 16. — Judge W. F. Lones made an order in the common pleas court Tuesday which will serve to restrain Helen Wheeler of Jethro, from obstructing Leonard st. and thereby shutting off all means of travel between Jethro and East Liverpool. The injunction was granted on application of the city of East Liverpool, and a bond in the sum of \$300 was required.

The city claimed that the defendant was about to build a barrier across Leonard st. and prevent the free use of the street by the public. Judge Lones was told that this street is the only means of travel between the city of East Liverpool and Jethro, and that it is indispensable to have it open so that the people of Jethro can reach the city. City Solicitor Frank H. Hoover is in charge of the case.

KELLOGG

(Continued from Page 1)

tion after they won a clear-cut victory for an American interpretation of the treaty. The interpretation was expressed in a report from the senate foreign relations committee, which Senator Borah, of Idaho, filed with the senate. It set forth that the United States interpreted the treaty to mean that it could wage war in self defense at any time, that the Monroe doctrine was not involved and that ratification did not infer approval of any other treaty.

The treaty, a brief one, was debated for two weeks and provoked more differences of opinion in the senate than any other subject debated in years. All the arguments were quieted when the senate foreign relations committee rendered what it termed a "true interpretation of the treaty." The treaty contains two articles of importance. Under the first, "the high contracting parties solemnly declare that they condemn recourse to war for the solution of international controversies, and renounce it as an instrument of national policy in their relations with one another." Under the second, "the high contracting parties agree that the settlement or solution of all disputes or conflicts of whatever nature or of whatever origin they may be, which may arise among them, shall never be sought except by peaceful means." A third article dealt with the exchange of ratifications.

Thus far, the United States, Russia, Austria, Afghanistan, Ethiopia and the Dominican republic have ratified it. The 15 signatory nations and 41 others have agreed to join. It will remain open until the whole world has approved it.

STREETS

(Continued from Page 1)

Pershing and Evans sts to Pershing st. Lincoln and Garfield will be termed North and South Lincoln aves, Depot and Ellsworth, North and South Ellsworth, Wilson and Race, Wilson st. Jennings and Goshen, to Jennings; Painter rd. and Tenth st. to Tenth and Broadway and Chestnut to Broadway.

New Names

South Popin is suggested to be altered to South ave; Grant st. is to be known as Homewood ave, and South ave, to Short st.

The renumbering ordinance provides for an adoption of the block-numbering system for numbering Salem streets, Main, or State st. and Ellsworth and Depot, or North and South Ellsworth, as the new plan suggests these streets be named will be the base streets of the plan, and each block in the city will be given 100 numbers.

Following passage of the ordinance, property-owners will be notified of the change in numbers of residents, and are ordered to make proper changes in the new code. After proper time is allowed, and residents fail to abide by the new law, the city will tack up the new numbers, and the cost assessed against the property owner on the tax duplicates.

Failure to change numbers, or the use of incorrect numbers will result in arrest of residents and a maximum fine of \$10 assessed against the violator.

DELAY TRIAL OF FULTON SLAYER

Judge Rules Murderer Is To Have Attorney, Insanity Plea

Canton, O. Jan. 16.—Arraignment for "Eddie" Kaltenbaugh, demented farmhand and confessed slayer of Mr. and Mrs. John Oser, will be postponed until the 21-year-old youth has obtained legal counsel, Judge A. W. Agler announced today.

Kaltenbaugh, whose home is in Grove City, Pa., was scheduled to be arraigned this afternoon and Prosecutor Henry Harter, Jr., has insisted that he be brought into court. Judge replied that he would not allow anyone to plead to such serious charges as stand against Kaltenbaugh until the accused had conferred with an attorney.

Accordingly, the judge is expected to ask Kaltenbaugh when he is brought into court this afternoon if he has a lawyer and to appoint one for him when the youth replies in the negative.

The youth's defense is expected to be based on insanity. Oser, a dairy farmer of near Canal Fulton, was shot through the head as he was milking the murderer firing through the window of the dairy shed with Oser's own 32 caliber rifle.

Mrs. Oser was also shot, beaten, and her body, clad only in a nightgown, thrown on a pile of rocks. Arrested at his home in Grove City, Pa., Kaltenbaugh, the Oser's hired hand, admitted the double murder and said his desire for the Oser automobile, with which to impress a girl in New Castle, Pa., was the motive.

An indictment, containing two counts of premeditated murder, was returned against him by the Stark county grand jury.

PROHIBITION

(Continued from Page 1)

ADVOCATE
Industrial alcohol has been reduced to a minimum. All these activities of the law violators have been hamstrung and the supply of real liquor has largely been shut off from the bootleggers.

The intoxicants sold today are almost entirely synthetic or moonshine. The government is slowly strangling this illicit business. These are the accomplishments of prohibition.

But greater than all is the trend of public opinion toward temperance. The American people are being educated up to this great moral cause—temperance is winning with the citizens of our republic.

OPPONENT

tation, as felonies, and the insane Michigan law based on a similar perversion of all rational ideas of punishment, which is already responsible for the imprisonment for life of a man and a woman.

I might mention also the additional appropriation of \$25,000,000, which the Anti-Saloon League is now seeking from congress for prohibition enforcement, and its suggestion that the powers of the federal commissioners should be enlarged sufficiently to make them effective auxiliaries of the federal courts in prohibition cases.

By an irresistible law human tyranny, in its aggravated forms, attacks and I little doubt that the last step in prohibition tyranny will be ruthlessly to break into the home on the strength of evidence supplied by informers.

Then, perhaps, the American people, to use Shakespeare's phrase, will not "lack gall to make oppression bitter."

SALEM LAW

(Continued from Page 1)

providing that "no search warrant shall be issued in cases of private dwelling unless it is being used for the unlawful sale of intoxicating liquors." This clause, City Solicitor Cecil K. Scott, explained to council, must be incorporated in the ordinance to insure its feasibility.

The ordinance in full follows: Section 1. No person shall manufacture, sell, barter, prescribe, possess, solicit or advertise any intoxicating liquors, in the City of Salem, Ohio, except as authorized by the statutes of the State of Ohio.

Section 2. It shall be unlawful to have or to possess any liquor or property designed for the manufacture of liquor, or which has been used, except as authorized by the statutes of the State of Ohio, and no property rights shall exist in any such liquor or property. If it is found that such liquor or property was so unlawfully held or possessed or had been so unlawfully used, the liquor or property designed for the unlawful manufacture of liquor shall be destroyed. No search warrant shall issue to search private dwelling occupied as such unless it is being used for the unlawful sale of intoxicating liquors or unless it is in part used for some business purpose such as a store, shop, saloon, restaurant, hotel or boarding house. The term "private dwelling" shall be construed to include the room or rooms used and occupied not transiently but solely as a residence in an apartment house, hotel or boarding house.

Section 3. Any person or persons who shall violate any of the provisions of this ordinance shall be convicted thereof, before the Mayor or other competent authority, be fined not less than \$100 nor more than \$500 together with the costs of prosecution.

Ruth May Face Battle For Possession Of His Child

Relatives of Wife Will Attempt To Take Girl From Babe

Boston, Jan. 16.—Promising a "red hot exposure" of George Herman "Babe" Ruth after the funeral of his wife, members of Mrs. Ruth's family today prepared to battle in the courts with the "home run king" for the possession of sweet, little Dorothy Ruth.

"Never, I'll stand for almost anything but that. You can never have Dorothy—that much I'll tell you right now." This was what the grief-stricken baseball player was quoted as telling his sister-in-law, Mrs. Joanna McCarthy.

Petitions to the courts were prepared, asking for the custody of the eight-year-old girl that Ruth has claimed was his own child but whom others claim was adopted in Brooklyn. N. Y. Ruth's friends predicted that he would reach an amicable understanding regarding the future of Dorothy.

Meanwhile, the innocent little child played on the snow-covered slope on the grounds of the Academy of the Assumption at Wellesley

BUDGET

(Continued from Page 1)

and the matter dropped from the calendar.

Actual Figures
The actual appropriation for this year is set at \$6,824,46 less than that contained in the 1928 ordinance. The waterworks appropriation, which is discounted from the entire amount of the budget, as this department is self-sustaining, was fixed at \$76,175, making the actual appropriation only \$68,106.46.

Last year's actual appropriation totaled \$94,999.92, and permitted the purchase of a new police patrol and ambulance, provision of the addition of two new firemen and one policeman, and complete rearing of city hall. This year the only new issues contained in the ordinance are the purchase of new trucks and construction of a garage for the safety department, together with provision of the salary of a public health nurse.

The health nurse is said to be the most important innovation in council's legislative calendar for the year. The state will pay one-half of the nurse's salary, and she will work under the city board of health. About \$12,000 of the appropriation, it was estimated, will be available through collections in the mayor's court, through fines, costs, and other resources from that office.

Requests, Chairman Dean stated, from all city departments, amounted to more than \$110,000. The park fund, last year granted \$1,500, was one of the few departments granted increases, being given \$1,800 this year. This amount, it was pointed out, by Councilman F. L. Rollins, who is also park commissioner, will take care of only a few of Centennial park's needs. He had asked for \$2,500, he stated.

Nurse Provided
The other fund granted an increase was the health fund, the rate being awarded to provide for the salary of the nurse. Each of the other departments suffered much by slicing of appropriations, the service fund being more than \$7,000 less than in 1928.

The general fund's apportionment this year is less than \$100 lower than last year and suffered least by the cuts. Amounts in each of the city's funds follow:

General fund, providing for salaries of council clerk, mayor, council members, auditor, treasurer, solicitor, legal advertisement, and miscellaneous expenses, \$11,925; safety, \$36,281.46, including \$11,883 for police department and \$23,574 for fire department; health, \$6,083; service, which includes general administration, engineering, street repairing and paving, sidewalks, street cleaning, street lighting, sewers, drains, public parks and public lands and buildings, \$32,520.

The Quaker City band, according to the budget, is allowed \$200 this year, while the amount for the maintenance of the town clock, which has been ticking at an expense of \$100 per year, was reduced to \$50.

The final apportionment was

Hills, cheeks rosy and eyes twinkling. And by a strange twist of fate her companion at play was Alice Harvey, six-year-old daughter of the late sister of Dr. Edward H. Kinder, in whose burning Water-town home Mrs. Ruth lost her life.

Boston, Mass., Jan. 16. — Dr. George Burgess Magrath, medical examiner of Suffolk county, today continued the second autopsy on the body of Mrs. Helen Ruth, fatally burned in a fire at the Watertown home of Dr. Edward H. Kinder last Friday night.

In addition to completing his examination of the stomach, Dr. Magrath was to check a report that a cut four inches long, running from the forehead back, was found under the hair on the scalp. Although Medical Examiner George L. West, who performed the first autopsy, declared that there was no cut, Undertaker Edward Doherty and relatives of Mrs. Ruth were quoted as saying that there was a fairly deep wound on her scalp.

Police pointed out, however, the possibility that Mrs. Ruth might have injured her head when she fell while attempting to escape from the blazing room.

made by the finance committee after several lengthy sessions, and much diligent research work in efforts to work out the best possible financial plan for the city this year. Chairman Dean and Councilmen Max Adler and Russell J. Burns compose the appropriation and finance committee.

HEMOWORTH

Funeral service for Miss Ruth Smith, 16, a sophomore in the Minerva High school, who died in the Alliance City hospital, Friday of peritonitis following an operation for appendicitis, was held at the home on the Alliance-Minerva rd., Sunday afternoon and was very largely attended. Interment was in the Moultrie cemetery.

Mark Wendell, the nine-months-old son of Mr. and Mrs. Albert Bruger, died at the family home on the Fairmount rd. Friday morning at 4:25. He had been ill since Christmas with flu and pneumonia. The child was born in Alliance and was a member of the Cradle Roll and Sunday school of the Immanuel Reformed church. Surviving are the parents, Mr. and Mrs. Albert Bruger, and three grandparents.

Mr. and Mrs. W. T. Grimes of R. D. Hemworth, and Mrs. Samuel Bruger, Sr., of R. D. Alliance. Funeral service was held at the Cassaday & Turkle funeral home, 75 South Union ave., Alliance, Sunday afternoon at 2 o'clock in charge of Rev. O. J. Zechel, pastor of the Immanuel Reformed church; interment was in the Alliance City cemetery.

Mrs. Ralph Grimes and her daughter, was brought home from the Alliance City hospital, Saturday.

Miss Mildred Arthurs is very ill of pneumonia.

Mrs. Maud I. Lentz, 47, wife of Homer J. Lentz, died at the home near Maximo at 9 a. m. Wednesday. She had been ill since Monday of pneumonia. Mrs. Lentz was born at Freeburg, her maiden name was Reese. She spent all her life in that vicinity. She was a member of the Zion Reformed church of Maximo and of the Fairmount grange. Surviving are the husband, five brothers and one sister, John, Harry, Fred and Joseph, all of Alliance, and Robert, of Freeburg, and Mrs. Amanda Meese of Freeburg. Funeral service was held at the Paris Reformed church Sunday afternoon in charge of Rev. J. S. Kepple.

GAS TAX

(Continued from Page 1)

\$8,000,000, thus bringing the total up to the necessary \$25,000,000. This presents the most feasible plan for raising the money, the survey continued. Two other plans remain. One is a direct property tax and the other a bond issue. Neither is feasible, the Good Roads Federation officials declare.

Other Plans
Either of the two plans—bond issue or a direct property tax would place the tax at

where it doesn't belong, the road survey stated. The 1-cent tax increase and the doubling of the license plate fee would place the cost of the program on the right persons, namely the users of the Ohio highways.

A bill is now pending before the house of representatives to reduce the gas tax one cent. This, therefore, presents a startling contrast to the Federation program. Members of the Good Roads Federation are now reported seeking the backing of the state representatives and senators.

This, and the fact that Gov. Myers Y. Cooper assumed office on an economy pledge, seemingly makes to good roads project an impossibility. The officials of the organization are optimistic, however, and hope to obtain passage of the proposed measures at this session of the legislature.

Appointment Of Willaman As Ohio State Coach Looms Today

University Officials Gather To Choose Successor To Wilce

Columbus, Jan. 16.—Appointment of Sam Willaman, of Salem, as head football coach of Ohio State, to succeed Dr. John W. Wilce, seemed assured early today, with the announcement coming from university headquarters that the athletic board will meet at noon today for the purpose of making the appointment.

That Willaman will be appointed seems almost certain, inasmuch as no other prospect for the position has been made public by the athletic board since it became known that Knute Rockne, Notre Dame strategist, could not accept the post. Willaman has been conceded the inside track for the job since Dr. Wilce announced his resignation following the conclusion of the 1927 football season.

Wilce was granted a nine months' leave of absence by the trustees of the university at their meeting last night. He is reported to be planning to spend the time in medical research preparatory to entering the practice of medicine in Columbus.

Meticulous Rise
Willaman is a graduate of Salem High and Ohio State. Following his graduation he became coach at Alliance High, then was appointed head coach of East Technical High of Cleveland, where he coached East Tech to two state championship football teams.

His rise in the coaching world has been rapid. He went from East Tech to head coach at Iowa State college in Ames, Ia. He headed several successful grid seasons, and returned to his Alma Mater as assistant coach to Dr. Wilce.

Rumors today were current in Cleveland that he was being considered as a candidate for the position of coach at Western Reserve college, to succeed Dr. Frank A. Yocum. The report stated that Reserve was withholding any selection

LEETONIA

The Young Women's Missionary society of St. Paul's Lutheran church was entertained by Mrs. Lester Lehman and Miss Thelma Weikart at the home of Mrs. Lehman. The devotionals were in charge of Mrs. William Kyser, with Bible verses being read by members. The lesson study in "The Changing Africa" was conducted by Miss Ruby Anglin. Several of those present giving readings. A social hour followed the program. During this time the hostesses served refreshments.

The second number of the lecture course, sponsored by the Parent-Teachers association was held on Monday evening in St. Paul's Lutheran chapel and was one of the best entertainments held here for some time. The Loveless quartet, which was the attraction, gave a number of songs in quartet, solo, duet and trio. The soprano gave several musical readings of both comic and pathetic numbers, one of the best being, "Him and Me is Chums." They gave a number of selections of Hawaiian music, both vocal and instrumental and were dressed in Hawaiian costume.

Mrs. Elizabeth Middleton, who has been seriously ill of asthma, bronchitis and pleurisy, is improved, but still confined to her bed. James Degnan, a student of Pittsburgh university, Pittsburgh, spent the week end here with his mother, Mrs. Helen Lodge.

Mr. and Mrs. Dayton Hart and daughter, Miss Kathryn of Beaver Falls, were guests Sunday in the home of the former's parents, Mr. and Mrs. Grant Hart.

Mr. and Mrs. W. D. Fisher of Alliance, were visitors Sunday with friends here.

Mr. and Mrs. Robert Teiman and Mrs. Matilda Kuegle, of Youngstown, were guests of Mr. and Mrs. Bert Rankin on Sunday.

Joseph Zook is very ill of pneumonia at the home of his daughter, Mrs. J. W. Moore.

Relatives here received word that Mrs. W. B. Halverstadt of Youngstown, who had influenza about four weeks ago, was quite ill, suffering from complications, the result of the disease.

Mrs. Mae Crawford of Sebring, was a week end visitor in the home of her daughter, Mrs. Ben Miller. D. W. Mellinger and Clyde Aiken left Leetonia on Monday forenoon by automobile for Florida. They expect to be gone for some months.

Ralph Olett was a business caller in Columbiana Monday.

COLUMBIANA

Plans are now almost complete for the inter-class basketball games at Columbiana High school, both girls and boys. Some of the classes have elected captains, as follows: Seniors—Dorothy Chamberlain and Albert Householder; Juniors—Harry Early and George Hart (no girls' captain elected); Sophomores—Philip Detwiler and John Dowd (no girls' captain elected); Freshmen—Edgar Mather and Beulah Zellers. The ten highest members of the "varsity" squads are ineligible to play class basketball.

Rotarian L. R. Guy of Carrollton was a visitor at the meeting of the Columbiana Rotary club Monday evening. The program for the evening was an "open forum," discussions being given by various members on several subjects relating to vocational service, as applied to various vocations, and the brief period was most interesting to those present.

The meeting of the Daughters of the King Class of the Lutheran Sunday school, which was to have been held Tuesday, January 15 has been postponed one week, owing to so much sickness.

Word has been received from Mrs. W. A. Heston at St. Petersburg, Fla., that she had recovered from the flu and is now on her way home, being called here by the serious illness of her grandson, Eugene Heston, who is, however, much improved according to reports Tuesday.

Mrs. G. L. Cole, Mrs. W. G. Cole and Mr. and Mrs. John Bilger,

High School Basketball

Senior boys won the first round of the inter-class room series Tuesday, by defeating Freshmen boys, 40-19. The seniors had an easy time of it, holding a 22-8 lead at the end of the first half.

Miller and Floyd starred for the upper-classesmen, tossing in 24 points to lead the scoring.

Scores of games played in the inter-class series follow:

Muskingum Licked

Athens, Jan. 16.—Muskingum college was smarting under its first defeat of the season today, having been routed in a cage game here last night by Ohio University to the tune of 48 to 25. The winners took the lead at the start and at no time were in danger.

Scoring honors went to Burkholder, Koterba and Hart of the winners, and to White, Bell and Bickle for Muskingum.

ing lines for carrying of passengers and light freight are providing satisfactory service and making money, he added.

Radio circuits have already replaced the telegraph line for inland communication in Alaska, and the war department has recommended the substitution of radio for the cable line from Alaska to Seattle, testimony given to the congressional body shows.

Paris.—Charging that the government broadcasted their voices with-out their consent Jules Franz, tenor and Mlle. Lise Charny, both of the Paris opera, have brought suit for \$400.

Guard Against "Flu" With Musterole

Influenza, Grippe and Pneumonia usually start with a cold. The moment you get those warning aches rub on good old Musterole.

Musterole relieves the congestion and stimulates circulation. It has all the good qualities of the old-fashioned mustard plaster without the blister. First you feel a warm tingle as the healing ointment penetrates the pores, then a soothing, cooling sensation and quick relief. Have Musterole handy for emergency use. It may prevent serious illness.

To Mothers: Musterole is also made in milder form for babies and small children. Ask for Children's Musterole.

COURT NEWS

Files Suit
Dorothea Thompson, 11, of East Liverpool, who was struck and killed down by an automobile as she was walking along the road leading from Calcutta to East Liverpool on the 12th of March, 1927, has filed an action in the common pleas court against Oren D. Shultz, driver of the car, demanding \$1,100 damages.

The child, it is stated, was walking toward Calcutta, when Shultz, driving at such a rate of speed that his car was beyond his control, came along driving south on the highway. It is claimed that she was in full view of the driver, but that notwithstanding, he struck her and knocking her down, ran over her. Her jaw was broken, and she was permanently injured, and her face permanently disfigured. Judge W. H. Spruce filed the action.

No More Gas In Stomach and Bowels

If you wish to be permanently relieved of gas in stomach and bowels, take Basalman's Gas Tablets, which are prepared especially for stomach gas and all the bad effects resulting from gas pressure.

That empty, gnawing feeling at the pit of the stomach will disappear; that anxious, nervous feeling with heart palpitation will vanish, and you will again be able to take a deep breath without discomfort.

That drowsy, sleepy feeling after dinner will be replaced by a desire for entertainment. Bloating will cease. Your limbs, arms and fingers will no longer feel cold and "go to sleep" because Basalman's Gas Tablets prevent gas from interfering with the circulation. Get the genuine in the yellow package, at any good drug store. Price \$1. Always on Hand at The J. H. Lease Drug Co.

James B. Barnes of Columbiana, claims that the village has placed a street improvement assessment amounting to \$524.96 against his South Main st. property, which is not worth more, he claims, than \$1,000, and he wants the common pleas court to restrain the officials of the town from enforcing the payment of the assessment.

Asks Restraint

Barnes owns lot 75 in Oak Park addition of Idlewild Land company, fronting about 56 feet on South Main st., and he claims that the village has certified the assessment made for street improvement to County Treasurer Fred George for collection.

Files Action

Wilbur Yeagley, a son of the late Levi Yeagley, of Knox township, has filed an action in the common pleas court against Marie Myers, of Alliance, and other heirs to the estate living in Alliance and Home-

worth, asking that the property in the estate be partitioned.

Levi Yeagley, in his lifetime, owned a 30-acre farm in Knox township and two lots in Wm. Tenbaugh's allotment in Smith township in Mahoning county, and the plaintiff claims to be entitled to a one-fourth interest in the same.

Hattie A. Yeagley, widow, has a dower interest in the property, and is named party defendant.

Madison, Wis.—Ring-neck pheasant promise to become a common game bird in Wisconsin within a few years with the conservation commission laying plans for an intensive program to be carried out this year to increase the number of these large birds.

OWA-TON-NA AIDS IN PREVENTION OF COLDS

Removal of Toxic Poisons from the System is the Greatest Aid in the Prevention and Elimination of Common Colds.

The common cold is one of man's greatest enemies; even those who seem in apparent good health must continually be on their guard to ward off this dangerous enemy. Perfect physical condition seems the best aid in accomplishing this end. When we allow poisonous toxins to accumulate in the body, we can't hope to put up a very effective battle against colds. Owa-Ton-Na is a systematic cleanser which aids in the elimination of harmful poisons which is one of the greatest aids in combating colds.

Mr. James Thompson, popular tree surgeon at Warren, Ohio, says that in the use of Owa-Ton-Na he found that he felt better physically all around, had more energy and that he finds it a splendid cold preventive. He says, "I have to be continually on my guard as I have been troubled for years with constipation. I have had frequent attacks of indigestion, dizzy spells and felt continually tired and worn out. Nothing seemed to do me much good, but I must say that Owa-Ton-Na has done for me what nothing else ever did before."

"My appetite is fine, bowels are acting regularly. I am not troubled with those attacks of indigestion and dizzy spells. I can not praise Owa-Ton-Na too highly for it certainly eliminates all the poisons from the system." Mr. Thompson is the kind of man whom you would have confidence in, were you to talk

to his personally. What he says about Owa-Ton-Na is the opinion of thousands of other people who have found in Owa-Ton-Na a harmless remedy for kidney, liver, stomach and bowel disorders; rheumatism, nervousness and a general run down condition of health.

Owa-Ton-Na is sold in Salem at Flogging's, Bolger & French and J. H. Lease drug stores.—Adv.

Join Our Christmas Savings Club

WOULD a nice substantial check delivered by the postman to you be welcome about December 1st next year? It most certainly would.

Why not join our Bankers' Christmas Savings Club which is now forming and make such a check a positive reality.

The plan is so simple. Just make a small weekly deposit for 50 weeks and just before holiday time we'll return all money paid in plus interest. You will receive the check when you want it and for whatever you want it. Money comes in handy around Christmas time and there are always little sundry year end obligations to take care of.

We have a plan to fit your purse and it costs nothing to join.

APARTMENT FIRE CLAIMS 6 LIVES

Hundred Families Lose Homes In New York Conflagration

New York, Jan. 16.—Six persons, five of them believed to be members of the same family, were burned to death early today in a spectacular fire which gutted a five-story tenement house on East 12th st. and ravaged two adjoining tenements. Several other residents and one fireman were injured, but will recover. One hundred families were made homeless.

Three of the dead were identified as Olga Fossitt, two years old; Manuel, her three-weeks-old brother; and Mrs. Justina Martinez, 45. The other three bodies were believed to be those of Dennis Ebnst, 32, father of the children; Herminia, 23, his wife; and Miguel, aged six, another child.

The fire started in a garment factory in the basement of the five-story tenement house, mushroomed up five stories to the roof so quickly that the victims in the rear of the third floor perished, and spread to two adjoining tenement buildings. Firemen said it was a miracle that the death toll was no larger. One hundred families routed from their beds shivered in the cold and 800 persons in a nearby theater dashed to the street when warned by firemen. Thousands of spectators gathered and police reserves had a difficult time holding the crowd back.

The fire was brought under control after two alarms had been turned in. Nearly 300 persons were saved.

Resumes Business

Detroit, Jan. 16.—Mrs. Grace M. Wood, accused of plotting the death of her husband, Ralph A. Wood, wealthy Wyandotte realtor, today planned to resume the conduct of her business affairs at the Grace Land company, where, police say, she conceived and engineered the alleged death plot.

Persons who want enquiring know that The News is the Want Medium in this vicinity. So read it.

ABOUT TOWN

Troop 2 Meets

Troop 2, Boy Scouts, met at the Memorial building Tuesday evening. Those invested as tenderfoots were: Paul J. Smith, Gordon Stringer, Charles Donaldson, Bob Ketterer, Vernon Van Nostrand. These boys were given their badges by Scoutmaster Stratton.

The boys are now fully registered members of this troop and a few of them are working on their second class tests. The next meeting will be at 4 p. m., Jan. 22.

Women's Relief Corps

The installation of officers was completed at a meeting of the Women's Relief corps Tuesday evening at the hall, Main st., some of the officers being unable to be at the regular installation on account of illness.

Plans were made for the annual benefit Washington's birthday supper, which will be on Saturday, Feb. 23.

Attend Memorial

Sixteen members of Salem commandery No. 42, Knights Templar, were guests of the Alliance commandery Monday night at memorial services held in the Masonic temple there.

B. F. Stanton, superintendent of the Alliance schools, formerly of Salem, gave the memorial for eight of the 10 deceased knights.

TRY THE SALEM NEWS

ALWAYS DEAD TIRED?

How sad! Sallow complexion, coated tongue, poor appetite, bad breath, simply skin and always tired. What's wrong? You are poisoned. The bowels are clogged and liver inactive. Take this famous prescription used constantly in place of calomel by men and women for 20 years—Dr. Edwards' Olive Tablets. They are harmless yet very effective. A compound of vegetable ingredients and olive oil. They act easily upon the bowels, free the system of poison caused by faulty elimination and keep up liver.

Be beautiful. Have rosy cheeks, clear eyes and youthful energy that make a success of life. Take Dr. Edwards' Olive Tablets, nightly. Know them by their olive color. 15c, 30c and 50c.

Athens Celebrates Law Passage

Athens, O., Jan. 16.—The courthouse bell was rung, not tolled, for nine minutes beginning at noon today by Gene Windle, the only man in the county jail serving time on a liquor charge, while the W. C. T. U. was celebrating the passage of the Volstead act.

One minute for each of the years the law has been effective was the extra sentence given the man by Judge L. G. Worstall of common pleas court. The convicted bootlegger rang the bell with a vengeance under the direction of Sheriff William Williams.

ECZEMA VANISHES WHEN SAFE ZEMO IS USED

Such torturing skin troubles as Eczema, blenches and itching rash vanish when Zemo is applied. In 20 years, it has seldom failed to bring relief—even in the most stubborn cases. This remarkable antiseptic liquid quickly clears the skin. It effectively removes dandruff. Results obtained with Zemo will delight you. It is odorless and invisible. All druggists, 35c, 60c, \$1.00.
